Freeway Music, in conjunction with Music Roots and Music Farm, is going to help build a greenhouse at City Roots to educate children about sustainability and hydroponics. The food grown at the greenhouse will go to Harvest Hope Food Bank. For every greenhouse built in the state, the parent charity will build a sister greenhouse in a third world country. We are partnering with Free Times, Scene SC, and Archer Avenue Recording Studio to procure the latest up-and-coming local/regional talent. We will have two stages inside of Music Farm, an acoustic stage on the Music Farm patio, and a stage inside the Tin Roof.
